

About the FishShack Golf Cart

The following is intended to provide general information about the usage of the FishShack Golf Cart. This golf cart is privately owned and exclusively available only for authorized guests of the FishShack. Since the cart is **NOT PLATED** and therefore **NOT LEGAL** to use on the public roadways of Costa Rica, the cart is **ONLY** to be driven inside the resort property. Authorities are very strict regarding enforcement of the law, they will issue fines and may confiscate carts which would become the responsibility of the guest to pay, retrieve the cart and deal with the authorities.

Most items that you should need during your stay can be accessed within the resort via the golf cart. Jimmy T's Provisioning and Los Suenos Wine and Spirits are both located within the Marina Village. Jimmy T's offers a range of products from USDA Prime Rib, fresh fish, salads as well as produce and dairy products, boxed and canned goods and some sundry items. Los Suenos Wine and Spirits offers a wide range of beer, wines and liquors. There are also numerous restaurants located within the resort. In addition, there is a small local store/restaurant located by the entrance to the resort, known for their breakfast, lunch and deli sandwiches. For larger shopping needs, the Auto Mercado, located at the corner of the highway and the turnoff for Los Suenos is the closest **but will require a car or cab ride**. This is where the local authorities look for non-plated golf carts.

Upon your arrival, unplug the golf cart and you will be ready to go. The outlet box is located at the front of stall # D. The cart range is approximately 15 miles. We suggest charging nightly. You will receive the key to the golf cart along with the condo keys from the management company Costa Rica Dreammakers once you have checked in. ***Prior to CheckOut, please plug in the cart to charge so the cart is ready for the next guest. The charger is located under the back seat and has a retractable plug. Leave cart charging in stall D.***

If you experience any problem with the cart (flat tire, won't charge, etc), immediately contact guest services at Costa Rica Dreammakers so repairs can be expedited as well as any possible rental refund. Please drive safely and use caution when driving over speed bumps.

Enjoy your adventure in Costa Rica! **Pura Vida** Jeff
